INTRODUCTION

We offer Asset Reliability, Condition Monitoring and Certified Training

20 years expert consultancy, certified training and cutting-edge product solutions that significantly transform and protect your organisation's assets.

RMS 

“It starts with a genuine desire to listen to customer challenges.”

Dean Whittle

QUALIFIED EXPERTS

Our team comprises passionate, knowledgeable and trustworthy industry experts all of whom have a heightened ability of identifying problems and leveraging effective solutions, practices and technologies.

Our empathic approach of collaborating enables effective solutions – from the factory floor to the boardroom we help clients succeed in their pursuit of asset reliability.

EXPERIENCE

Over 20 years Experience working across diverse Industry Sectors

We offer reliability excellence through the use of advanced maintenance technologies in industries such as oil & gas, petrochemical, paper, automobile, steel and aviation.

Our highly motivated team of experts make significant efficiencies and long-lasting interventions happen.

RMS 

1. SERVICES

Proven experience delivering effective consultancy that helps reduce costs.

2. PRODUCTS

We go that extra mile to ensure your personnel are comfortable with equipment.

3. TRAINING

Public, onsite and distance-learning certified training across a range of CBM topics.

HOW WE CAN HELP

We are Passionate about solving Complex Reliability Problems

By listening carefully to customer needs, applying time-served experience, implementing world-class technology and certified training, we can help resolve complex reliability problems.

We seek to serve and protect customers better by scaling services, products and training solutions.

RMS 

1. SERVICES

Solutions that Solve your most Critical Business Challenges

Whether it's onsite or from a distance, we're dedicated to delivering professional services focused on improving plant performance and reducing operating costs. We support progressive maintenance and reliability teams to measure, monitor and improve plant and asset health.

2. PRODUCTS

We provide Quality Products for Consistent Plant Reliability and Condition Monitoring

Our experienced analysts sell and support your CBM equipment and help ensure you make the most of each product. We also offer practical examples applied from similar industries to help you succeed.

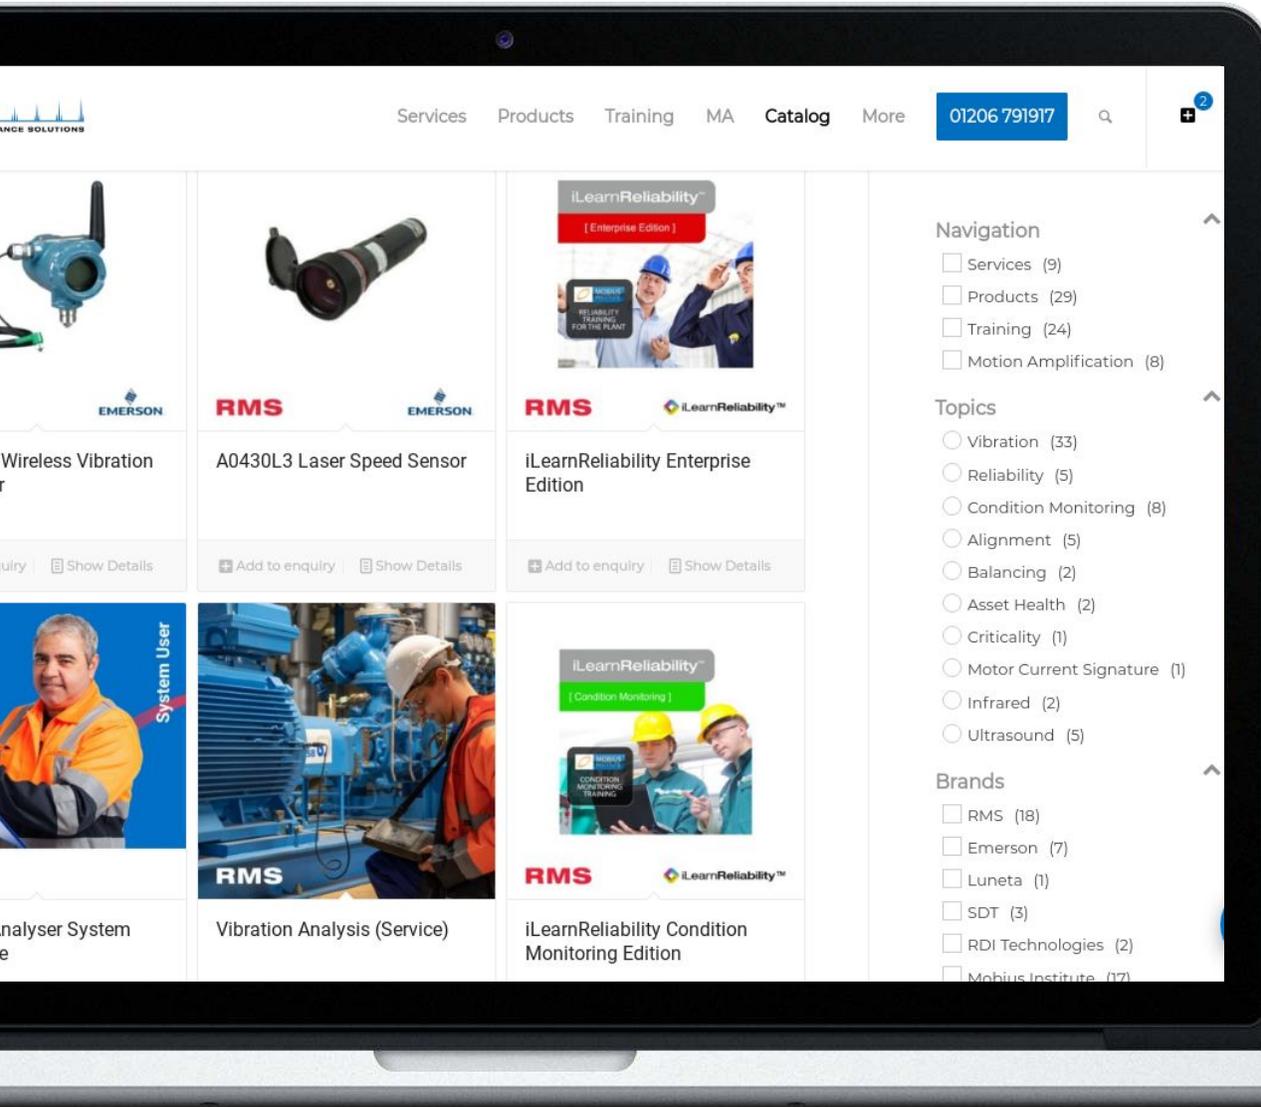

3. TRAINING

RMS Reliability Training Institute promotes Continuous Learning

It does not matter which equipment you use, or how hard you work, there is one dominant factor that makes successful analysts stand out – the quality and regularity of training and the ongoing support they receive.
